By Kimberly Marme

Spay/Neuter Contract.

I, _____, understand that in adopting this puppy of ____ weeks old I agree to spay/neuter him/her by the time he/she reaches 6 months of age. I will provide proof of spay and or neuter to the MarmDuke Doodles immediately after procedure is done. I also understand if this is not completed, has the right to remove the puppy from my placement for failure to fulfill this contract.

This dog is being sold as a companion pet only and has a spay/neuter contract. This Puppy is NOT being sold with breeding rights. Puppy must be spayed or neutered as outlined above. If your dog is bred, this Health Guarantee shall terminate immediately and become null and void.

If for any reason the female gets pregnant before she is spayed. The Buyer must contact the Breeder. The Breeder and Buyer will decide together how to deal with the pregnancy or puppies. This also applies to males that have been used as stud. If buyer wishes to use the male as a stud this must be approved by the breeder. The breeder and buyer can then work out a provision to the spay/neuter contract.
